SplendourLux

Premium Quality Mattress

For comfortable sleep, you need a responsive surface for pressure relief and appropriate support for your spine and your shape. Natural Splendour Lux foam is so versatile it can meet all of these needs.

With a customizable, layered design, splendour lux mattress can be made very soft, very firm or a wide range of options in between—even on different sides.

Unlike most other foams, Splendour Lux breathes, which discourages buildup of moisture and heat in the mattress interior.

Splendour Lux does not transfer motion the way most innersprings do, so you can say "goodnight" to bouncing in your partner's wake.

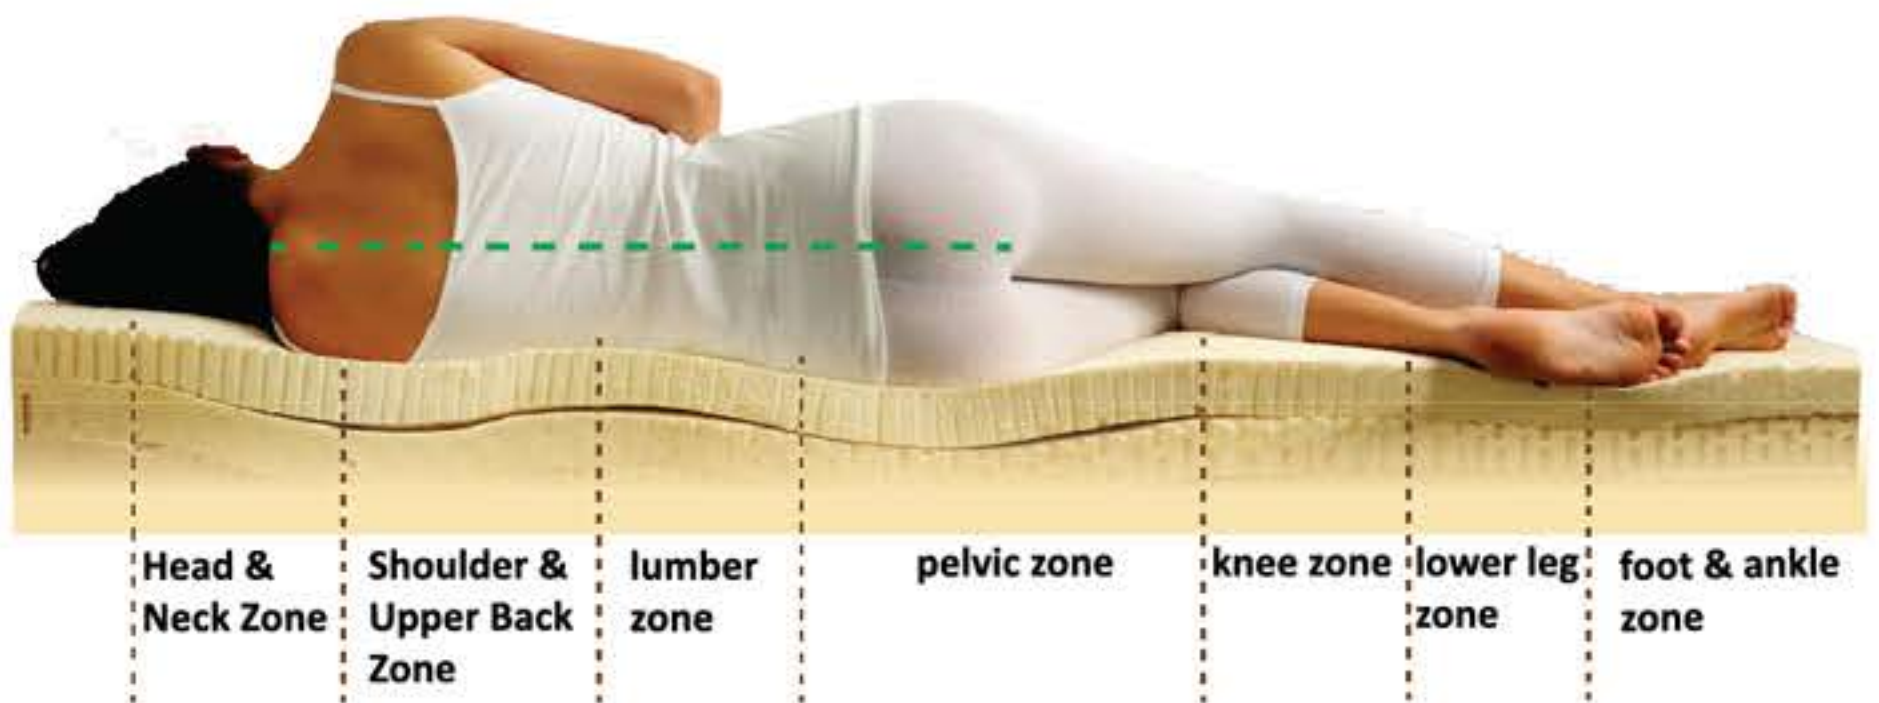

Splendour Lux mattress distributes your weight, how well it supports your spine and relieves pressure, and how durable the materials are.

Splendour Lux *Unmatched Comfort Pillows*

Comfort Level

The main benefit of Splendour Lux pillows and beds is the comfort level. According to Health Foundations, Splendour Lux beds are very dense, so they don't get packed down over time like their cotton counterparts. Splendour Lux has elastic properties that make it a very yielding surface to sleep on, so that rolling over during the night is not hindered.

Support and Firmness

Splendour Lux provides the perfect blend of support and firmness. Splendour Lux is firm, but not too firm, with just the right amount of support. The springy material easily adjusts to movement and Splendour Lux pillows don't lose their shape or go flat, so they never have to be fluffed. Ideally, Splendour Lux pillows with medium firmness are best for those who sleep on their back sleepers and some who sleep on their sides.

Divan Collection - Divan Beds

Divan bed frames usually take up space beyond the dimensions of the mattress itself, divan beds are only as long and wide as the mattress itself. This gives you more room around the bed, making divan beds an especially good option for compact or crowded bedrooms.

Most divan beds feature drawers integrated into the base, giving you additional storage space. Because the drawers are enclosed, dust and unruly pets can't get in, protecting your possessions. Also,

Splendour★Lux Duvet Cover

A duvet cover of Splendour★LUX is a coverlet made of two layers of fabric with a layer of cotton, wool, feathers or down in between, all stitched firmly together in a decorative crisscross design. One must take care of the duvet as washing it frequently can spoil its softness and fluffiness. Good quality duvet covers are made to protect the duvet and to add color and freshness to the bedroom.

Splendour★Lux Mattres Protector

Splendour★LUX mattress protector is very comfortable to sleep on and since the fabric breathes, it does not get too hot at night. Mattress protector is used to protect a bed. Mattress protectors are often used in place of mattress pads. Mattress protectors serve the twin purpose of providing protection and comfort. It also acts as a proof for liquid substances seeping into the core surface of the mattress.

Splendour★Lux Bed Skirt

A bed skirt typically consists of a fiat piece of fabric with a ruffle or tailored attached skirt on three sides so the bottom space of the bed can craftily be hidden. It is also known by the names of dust ruffles and dusters. Splendour★LUX linen bed skirts are designed to hide a bed's box spring. However they offer a way to bring more color, pattern, and style to the bedroom interiors and to the ambience.

Splendour★Lux Bed Valance

A box pleated bed valance of Splendour★LUX gives a stylish finishing touch to any bed. A box pleated base bed valance fits under the mattress and down to the floor, a fully fitted box pleated bed valance fits right over to the mattress and down to the floor, making a fitted bed sheet and bed valance all in one. They have split corners to fold any side of the valance under the mattress.

Splendour★Lux Bed Comforter

SplendourLUX bed comforter comprises of two pieces of fabric stitched along all four sides and filled with synthetic or natural filling. A linen comforter covers the top and sides of a mattress but does not cover the bed pillows or entire box spring. A quilted bed cover usually has polyester fill. These are mainly made from polyester or cotton or a blend of other fabrics to offer maximum comfort.

Splendour★Lux Duvet

A duvet of SplendourLUX is a type of bedding quilt, usually with a washable cover, that may be used in place of a bedspread and top sheet. While selecting a duvet cover, one must keep in mind that higher quality the down is the warmer and lighter the duvet will be. It is also important to match the required duvet warmth with one's sleeping arrangement.

Splendour★Lux Bed Skirt

A bed spread is a decorative cover for a bed and is similar to a large blanket, which is placed over the bed. SplendourLUX bedspreads are quilted in a thicker texture cloth. A bedspread is a perfect fit on to any bedroom and brings compatibility and sophistication to the location. Bedspread also can be used in place of a duvet during warmer seasons as they are ideally thin in width.

Splendour★Lux Bed Quilt (Duvet)

A quilt is a type of bedding - a bed covering composed of a quilt top, a layer of batting, and a layer of fabric for backing, generally combined using the technique of quilting. SplendourLUX quilts are made with decorative designs; some quilts are not used as bed covering at all, but are rather made for display. In British English, quilt is another way of saying duvet.
